Riverside Senior Life Communities partners with residents & their families to identify their desires & dreams, & work together to bring those needs, passions, & abilities to life. We focus on the Dimensions of Wellness to assure our residents are provided a well-rounded array of programing. People at every age and stage of ability seek opportunities to remain productive, contributing members of a community. They search for ways to stay mentally and physically independent and active; they seek resources to meet their spiritual needs; and they want to keep expanding their knowledge. In addition to what you see on this calendar there are many small group programs occurring as well as one-on-one opportunities to assure all of our residents are engaged.
If you have a suggestion for something your loved one may enjoy, please do not hesitate to let us know.
